This meeting facility represents an unparalleled experience for the discriminating business traveler in Central Oregon. Extraordinary attention to detail has created an atmosphere unlike those you have come to expect which makes event planning a piece of cake!

The same attention to detail has been given to the technical side of the Conference Center. We can efficiently accommodate all of your audiovisual requirements – from the basic slide projector to multimedia presentations and LCD projectors; we can assist in making the technical side of your meeting as effective as possible. For conferences hosting up to 150 people, the Conference Center at Mt. Bachelor Village Resort sets a new standard for convenience, comfort and elegance.

"Mount Bachelor Village and its Conference Center perfectly meet our requirements for well-structured, productive yet relaxed NIKE leadership meetings. Their staff knows how to service our needs and always goes above and beyond to tackle the challenges we often throw at them. Our attendees thoroughly enjoy the accommodations and especially like having access to the comprehensive sports facility just a stone's throw away from their guest room doors (not to mention all the great outdoor activities in the immediate area). Now if I could just clone MBV and plop one in several other cities my job would be so easy!"

Jane Mannex, NIKE - Events Manager
